Thanks!

Lew

CPA Tax Manager for Auto Dealers

The partners and staff of Heider, Tanner & Dirks, Inc. have provided accounting, consulting, and tax services to more Colorado new-car dealerships than any other CPA firm.

For over 40 years, we have built long-standing and trusted relationships with our clients. Our professional team members dedicate their expertise and skills to providing clients with excellent professional services and solutions.

Position: Tax Manager - Denver, CO

Responsibilities:

- Prepare tax returns and required workpapers for federal and state returns of auto dealers: S corporations, partnerships, high net worth individuals, trusts & estates; position requires the ability to analyze various entries to clients' books and make appropriate accounting decisions.
- Proficient use of tax software and spreadsheets
- Prepare tax planning and projections with minimal supervision
- Extensive client communication
- Develop accurate reports, planning memos, management letters, and tax research projects that are well written with minimal supervision
- Participate in business development activities

Requirements:

- Bachelor's degree in accounting with at least 7 years of experience and CPA certificate
- Extensive experience with new-car dealerships
- Technical competence with tax software and ability to efficiently utilize research materials
- Working knowledge of LIFO inventory methods

- Demonstrate clear verbal and written communication skills
- Organize assignments and engagements
- Commitment to professional education
- Interact professionally and respectfully with co-workers and clients
- Masters in Taxation considered a plus

To apply:

- E-mail your resume, cover letter, and transcripts to: jtanner@htdcpas.com
- Provide summary of software most commonly used
