Subject: Senior Tax Analyst for Global Company – Miami, FL

Ashby,

I would love to speak with you about an exciting Tax role for one of my premier clients. This new role will interface with the leadership of a Global Multi -Billion dollar Telecom company and be responsible for the tax reporting; assist in the reduction of the consolidated effective tax rate; drive cash tax savings, and ensure compliance with relevant tax laws.

This opportunity will make an impact for the world's largest international TV and broadband company with operations in over 30 countries. I would be very interested, in sharing details about this role and get your insight.

Please reply with your resume and contact number.

Regards,

Leo
