Subject: CPA Tax Personnel- Tax Manager/ Senior Associate

Hi Ashby,

As we are about to enter into the final quarter of the fiscal year, I wanted to reach out to see if you are looking to grow your tax department team?

I ask because I am in contact with several Senior Tax Leaders in the Denver area all of whom have their CPA, strong experience in Partnership, C & S Corp, Income Tax, strong GAAP knowledge and research, plus several are coming out of a Big 4 environment. My leadership candidates currently over their own teams of 2-6 direct reports as well.

My candidates are looking to take on a larger more high volume leadership position and as timing is everything, may I send you their resume? Which email works best for you?

Talk to you soon!
